UI/UX Designer

Description

We are looking for a creative and detail-oriented **UI/UX Designer** to join our design team. In this role, you will be responsible for crafting engaging user experiences and designing intuitive, user-centered interfaces for web and mobile applications. You will work closely with product managers, developers, and stakeholders to turn business requirements into user-friendly designs. If you're passionate about design thinking, usability, and user research, we would love to hear from you.

Responsibilities

- Conduct user research, competitor analysis, and usability testing to inform design decisions.
- Design wireframes, mockups, prototypes, and user flows for digital products.
- Translate business requirements into visually appealing and functional designs.
- Collaborate with developers to ensure design feasibility and accurate implementation.
- Create and maintain design systems, style guides, and UI component libraries.

Qualifications

- Bachelor's degree in Design, Human-Computer Interaction, Computer Science, or a related field.
- 2+ years of professional experience in UI/UX design.
- Proficiency in design tools such as Figma, Adobe XD, Sketch, or similar.

Job Benefits

- Competitive salary and performance bonuses.
- Flexible work schedule with hybrid/remote options.
- Medical, dental, and vision insurance.
- Paid time off, sick leave, and holidays.
